IronWarrior wrote on Tue, 04 September 2007 03:39The best maga base I'll ever had was in one of the GDI mission's, I dind't turn off my Play Station for a week and let the Tiberium grow none stop till it covered the entire map, aswell having lot's of big bases and outposts aswell as "guard points" all over the map.

I'll maxed out on every unit too.

Nod, only had a Power Plant left.

Ah, now THOSE were the days. I did that with Retaliation all the time. That's what got me into the series.
