scarabguy wrote on Fri, 14 September 2007 23:50i was playing city flying. this dude from gdi flys in in an orca. his plane blows up, and he lands on our harvy. he then set a beacon on top of the harvy! 45 seconds later it blows, at the ref! it was funny, but way unfair, we had no way to disable or destroy it

First Hourglass Flying now Planting a beacon on top of enemy harvester? WOW you SUCK at LYING
