We are not saying that all the players in GSA sucks. We're just saying that the MAJORITY of the GSA players are n0obies compared to the rest of WOL. Sure, GSA would have some good players, but that does not mean that because of these few good players that the REST of GSA do not suckass. I've played a few games on GSA myself and i know what's the standard of GSA and the standard of WOL. The difference between the two is great. We at WOL also know that the ranking system means shit, but some if not all of the good players have high ranks. You should try playing in WOL one of this days. You'll know the difference.
