Yeah thanks for the info and help but im still really lost!
I don't think ill ever get those flying mixes.

Still, umm a bit of the topic here people but can someone please tell me why when i go to "Make"
a Cnc_GDI_Orca from the Preset menu it gives me this error!

Below is a SS of the error, please help, it's really annoying!

P.S If you can please explain why when i go to Edit, Level Settings and click on it i get pretty
much the same error
