Use the final release map from 1.037 of renegade so everyone will be able to play.

You do not know what you're talking about.

He is going to modify the DEMO map for the DEMO game. Not the demo map for the FINAL game.

Yes thank you, I am trying to modify the demo map so people in the demo game and play on it. All I want is the drivable harvy, and more weapon spawners. Thats is! Anyway I already own Renegade, I just wanted to play around the demo and make the demo better for them. BTW blacky I liked you mauranana purchase terminal, good one! Anyway you play demo too.
