Not a fan of condoms?

Best of luck to your family, Claire.

what do you mean without a father? is their father dead?

being raised by one of the parents because they split up doesnt mean you dont have the other, when a child is old enough to know what he/she wants they can choose which parent to stay with. and untill that time the judge decideds whats the best for the kid.

and since my parents split up when i was little i do have a motive for going after you for saying some shit like that.

sorry to go off topic.

hope they do find her alive but i still think that her parents are at fault

LMAO ok my daughter's father is in the USA and refused to move to the UK to be with his family because quote "the food sucked" so yeah....real catch there, loves his daughter so much he places food above her. And Henry's father told me to get an abortion because quote "he couldn't handle having a baby" so again great role models in fathers for both my kids

So Romaner I wanted the fathers of my children to be involved...they didn't. So please STFU about my personal life when you don't know me enough to comment on my children's father's rights....they forfeited them along time ago!
