mm'kay.

\*googles 6 black kids beating up 1 white kid\*

Oh snap! nothing!

Shit, There goes my smart ass comment. >\_>

Fox news.. Can they be trusted?

Just type "Jena 6" in Google.

Yeah, I thought that was a pretty obvious Google search. I mean, "Jena 6" is the subject of the thread.

Also, Ryu, you told someone to Google search earlier in General Discussion, so you asking for a link is pretty hypocritical.

Well, "Jena 6", I was like "What the fuck?" Because I have no idea what Jena means.. and I thought google would correct me on it and say "Did you mean Jenny 6?"

But yeah.. the topic starter didn't tell us anything.. so what did you expect?

Anyway.. White kid got beat up, They should be charged with Assault or attempted murder, Not a racial motivated attack.

Animals kill each other, Oh hey! Lion killed a giraffe! LONG NECK = RACIAL MOTIVATED CRIME!!

This is nature, Wolfs hunt in a pack, And so humans copy that tactic, Sure, there is a law against it, But I hardly see anything 'Racial' about it.

Why can't people realize we're all pink on the inside?!

Also, Did the white kid do or say anything to actually motivate them?

Yeah, Me and Goztow work for google! shh!
