Jelly Servers??

I was playing on it one day, and was on GDI. We had only the power plant left and i had the only med tank. Was defending all game they were repairing me. Wave after wave of attacks we fought off. Everyone was saying keep the med alive, keep the med alive and telling me i was doing a great job.

That sounds like my experiences at Jelly.

Then one of the server mods tells me to get out of the tank he wants it. Said if I do not get out and give him the tank, he will kick me out of the server. Everyone was like what are you doing he is doing a great job. Guy wanted my tank I refused. He kicks me out of the game.

I will never play there again.

That does not. I've never encountered a corrupt moderator.
