Subject: CP2 problem corrupt files
Posted by beco on Sat, 29 Sep 2007 18:46:16 GMT

Ok, i clicked Renegade and the core patch 2 pre - install checks began. At the end it said

"Core Patch Pre-Checks

RenGuard has detected corrupt files. In order to install Core patch 2, you need to download fixed copies and extract them to your renegade directory. Mix files (maps) belong to the data directory.

Click on those download links, unzip the files and put their contents in your Renegade/data directory to overwrite your files that do not match our expected profile, and when you are done restart RenGuard.

always
scripts"

When i click on the links for always and scripts it says that the page cannot be found or "HTTP 404"

Please help
