my clan (OSTK) has found out (with prove) that 1 of our members was caught cheating on several servers now

i'm talking about a guy named OSTKfunky

because we absolutly not tolerate cheaters we kicked the guy out of the clan as soon as we found out he was using cheats

just to let all of you players know: if you catch OSTKfunky ingame you have to know 2 thinks

1. he is a cheater

2. he isn't in our clan anymore

that's it
