Matix101 wrote on Mon, 08 October 2007 21:36 If you lose your cd key then its your problem and not ours

Ethenal, if u complaint about the other post, why not about this quoted above. This reply deserves a -10 in a base 1 to 10.

Contact Westwood. If you registered your copy, then ask for identification, and how to solve the problem.

Hoping this will work.
