LOL...if I am a Nod soldier, I always go for the GDI soldier's rifle after I kill one.

just a question, how do you check which is the GDI rifle and what the Nod Rifle?

Is theGDI rifle the first one? Or does this depend on Nod/GDI Soldier?

OK...

The GDI Rifle shoots out YELLOW tracers.
The Nod Rifle shoots out RED tracers.

If you are Nod soldier, then your FIRST rifle is the Nod Rifle (RED tracers). If you pick up GDI Rifle, then it will be the second one.

It works the same way for the GDI soldier.
