Urimas wrote on Thu, 11 October 2007 17:51ok i've almost done the 1player (not missions) training map demo (with about 13 custom rigged by me) modern weapons so watch out for a new thread about it (also added custom hummvee/mrls/tank/apache/f16/mig/a10thunderbolt and a cheesy stationary Artillery USABLE!)

still gona add

Pump action shotgun

medic/engineer demolitions soldiers

hey mate ,, nice work like alwase...
