ok you know the CTRL + 1 2 3 4 5 radio comands well i found them and im gona replace them with modern like radio commands for instance

- 1: I need a medic!
- 2: I need a engineer!
- 3: Enemy vechile spotted!
- 4: Enemy infantry spotted!
- 5: Cover me im moving in!
- 6: Planting explosives cover me! <-used for the demo expert and engineer (timed C4/landmines will now take time to plant like the beacons did)
- 7: Enginer follow me!
- 8: Medic follow me!

and many more!!! ^_^

adding 2 types of rocks and 2 types of trees as cover (quite a few of them)
