Base Pc. got it in march. the pentium II could barely play ren with the graphics turned down all the way. needless to say, i couldn't play online

Pentium 4

base graphics card*

1 gig ram*

40 gig HDD*

monitor from 1997 no seriously, its that old

CD rom and DVD read write

Microsft office 2007 bitches

cost for all this...\$200

*going to upgrade
