File located: Game-Maps.NET

They have everything C&C imaginable on that site!

Yeah, almost, we got alot of skins and other stuff in the server, just waiting to be linked up, but it's alot of work as am the only admin who is active.

Lately, I've been updating all the old files and replacing them with new updated copys, also updating it with new skins, but one man can only do so much per day.

Thinking of hiring maybe one or two new staff members to help out.
