In a loose definition of the term, yes, Spoony can be classified as a cheater. Just as if you consciously defended your house with lethal force. You would be, technically, a murderer. See? You agree with me!

EDIT: DAMN IT! I did it again.. sorry for double post.

No, I don't agree. I admit that one COULD consider him a cheater, but I don't think one should. If you use a loose definition of the term, then you can consider him a cheater, but if you use common sense, you know that his usage doesn't make him a cheater. His mentality is not that of a cheater.

If you want to play semantics, then go ahead, but the rest of us will use common sense and not consider Spoony a cheater.
