iv been trying to find out for years

Describe it to me, I am usually quite the google-smith.

@Comments of the guy possibly not existing and etc

Very likely that he didn't exist but they doesn't change that it is a gawd awful place to get lost in.
And also like Xylaquin said he could of seen the entrance he took as well as how he mentioned
that the authorities keep shutting the entrances down and it may just be the most common one.
