That computer right there is can't and will never connect to the internet. Anyway the cheats were made by me and I only use cheats for my own fun in like Single Player and Multiplayer Practiece, never in Online play. Thanks I own all C&C games except C&C 3 and I play them all the time. That computer ther is a:

P II 400 Mhz cpu

192 MB SDRAM

16 MB Voodoo 3 Graphics

10 GB HDD

1 standard 42x CD-ROM (Read Only)

So you decided to take a ss on that computer, send it to your current computer, and upload it here, instead of taking a ss of your current computer?
