And people will just laugh, point a finger or say go away!

As far as i am concerened at the moment Renegade is DEAD!

After 3 long great years of C&C Renegade it has died in a short month due to my brother of all people haxing and getting me I.P banned from just about all the good servers...now it's the last one! MY safe haven "FnFall's Marathon" server has thrown me out into nothingness...branded as a haxor, with near no chance of getting back in!

To all you out there confident that you can go on Renegade, any server, anytime with no problems...

BEWARE:Your RIGHT as a Client/Player can be STRIPPED from you in a instance...all it takes is someone with your same I.P

I'm hoping you mean that you've been playing Renegade for 3 years, since Renegade has been released since 2002.

Look, if you weren't such a fucking troll, nobody would care. You create angry topics that have NOTHING to do with these forums. If you just posted topics that are better on a different forum, you wouldn't be ridiculed. You would have just been directed. However, you make posts that are immature, nonsensical, and utterly stupid. As I said, my 10 year old cousin has better composure than you do. Get over it, kid.
