I find this all kind of amusing. You show no respect for anyone, act like a total jackass and demand something from them? Even though it is the wrong place to begin with. I looked at your topic on fnfalls. To sum it up for the people here:

"It has been moved to the "resolved bans" section cuz it won't be lifted so the case is closed. So please don't make new posts, when you will have proof u didn't cheat, u will post here, but, as for now, this topic is useless as this case is solved (positively or not)."

"Your ban has now gotten page ingore which means we can not see your pages on irc. Spam the fourms and fourms will be next. Thx have nice day"

So by now you've already not listened to what you've been told from a mod. Then you go on to insult him.

"Told your on fourms, told you on irc, does not matter if he is really there or not you will not be able to be unbaned, because he lives with you and can use ur name now u are banned from fourms alog with banned from server along with pi ingore. Enjoy ur life."

So in other words, the people that pay to keep a server running have the RIGHT to do whatever they want. As far as i'm concerned they did it fairly and treated you with far more respect than you deserved. You're an ass and apparently have a problem with authority. It sucks your brother cheated but look at it from their point of view. They do not allow cheaters and so long as you live with him or whatever household. They do not care and the fact that you were pushy about it didn't help. You may have had a chance but you blew it by being an ignorant prick. Sucks to be you, maybe you'll learn. But probably not...

Edit: You're taking this all far too seriously. There is no reason for being so upset about being banned from a server in a game. Go get some fresh air
