havoc9826 wrote on Sun, 11 November 2007 00:25I believe that someone should start a legitimate sticky-able thread with links to all of the major servers' websites and forums, so that people could be referred to that thread and avoid the flamefests.

It really isn't that hard to realize that servers have separate hosts, and mostly have sites of their own that would be much more productive than posting here. If they're that retarded to not realize this, there's no way they're going to pay attention to a sticky and heed to its suggestions.
