Well i know that at the time when i posted/made this topic and the first post i was very very angry...just insanely out of this world furious!

I mean think of it, i have been banned not once but TWICE for these kinds of incidents....first by my little bro hijacking my account when i was outta the room! And now for him simply having the same I.P!

And because of that technical factor not one single Mod/Admin/Host will believe me (Except for SR) and let me back into there server even if i were to post SS's of my little bro 4 proof he exists and if i gave them all of his account names.

When something like that happens you can't really expect me to approach in a happy uplifting mannor "politely asking"

AS Nukelt said, even he in the 8 years he's been in on Forums he has seen people who have approached using the "polite, calm" approach have been flamed!

And when i "flamed" all those people throughout the thread i admit i may have been short tempered and even arrogant at points but some would not listen to what i have to say, some completely ignored me and a few where stupid and ignorant enough to post pictures of fish or just quote what i had already said or just plainlt put nothing except "...". Or just reply because there i ignored them and whant it show up on my Notifications board to piss me off!

All i really want to say now is...what a waste of time, all that effort! Struggling to just plainly #1 prove my bro exists (Accomplished) #2 Get only his nicknames banned #3 for me to be able to forget this ordeal and continue playing happily with no troubles on Renegade as it was before!
