cheesesoda wrote on Tue, 13 November 2007 15:32The music you get on iTunes has DRM, doesn't it? Thus, utterly pointless.

If you legally own the file, I don't see why it would be "illegal" for you to download an mp3 of it from p2p and use it for personal use.

Not all iTunes store stuff does. Anything tagged "iTunes Plus" is DRM-free (mostly EMI stuff).
