Hello everybody.

I got a small surprise from Renz0r.com
We've created an online radio station a while ago.
It was Recon's idea, and he made most of it possible.
Now, after his departure, we have continued the project.

What I have done is rip all the music from every Westwood Game I have (which is basically all).
All that is uploaded to one of our Dedicated Servers.
This means it is playing 24/7 (if all goes well).

What is in the playlist:

- C&C Dawn + Covert Operations Soundtracks
- C&C Tiberian Sun + Firestorm Soundtracks
- C&C Red Alert + Counterstrike & Aftermath Soundtracks
- C&C Red Alert 2 + Yuri's Revenge Soundtracks
- Dune 2000 Soundtracks
- Emperor the Battle for Dune Soundtracks

We also have some other music like:

- Tiberian Crisis Soundtracks (upcoming modification for TB-Dawn)
- Dune Spice Opera
- Soundtracks of all 3 Matrix movies
- Alternative Music (scream trackers)
- Music originals and remixes from Chicajo.com
- Trance
- Acid House

And for those who like:

- Some classical music in the form of Soundtracks from popular movies, like Terminator and the Matrix

This and many many more.

You can listen to us by downloading our playlist:

<http://www.renz0r.com/radio/Renz0rRadio.m3u>

It is compatible for basically any player.

But if incase it doesn't work, or you don't want to use a player, or you don't have a player (?) you can also try our Radi0 Page:

<http://www.renz0r.com/radio>

Our aim is to keep the sounds of Westwood studios alive and maybe bring them to a new public.
Next to that, we hope to give people a different sound.

Some alternative music to listen to. Whiden your perspective of taste.

Any requests for the playlist are welcome.

You can post here, or on renz0r.com or mail me.

<reckneya@hotmail.com>

<renz0r@email.com>

<http://www.renz0r.com/forum/forumdisplay.php?f=231> (created for this)

Or just post here, I'll make sure I bookmark this thread and check it once in a while.

Right now the userlimit is set to 32.

If it grows bigger, I can upgrade that.

Enjoy!

Greetz,

Reckneya
