## Subject: Another Myspace Question
Posted by _SSnipe_ on Mon, 19 Nov 2007 07:25:23 GMT

when im editing the page i want to add pictures but if u put them to big then the bottm part of the screen has a scroll but i dont want them that pic i want the whole myspace includng the tables to perfectly fit the screen so i know how big i can have the pictures on each side....so my question is how can i find out how many pixels each table (Aboutme/Interests) Can Hold Pictures To Fit On The Screen

if u need any help under standing wat i mean just ask

please and thank u
