Terminator 101 wrote on Mon, 19 November 2007 11:53 There is a song in Tiberian Dawn that plays when you win as Nod on the page where the scores, casualties and money earned gets displayed. Is this song part of this radio as well? The beginning of it is so great, it is just too bad that I can't find it anywhere.

I wish you could include music from NFS: Most Wanted. I don't really like the game, but most of the songs are quote good.

Sorry, I must have overred your post.

Yes, this song is part of the playlist as well.

But there is over 600 songs in the playlist now, so ... (lol)

However, if you own the game, you can listen to it any time you like.

Just google XCC mixer and see for yourself.

(not sure if I can post a tutorial or not Admins? Anyone?)

Thanks Merovingian for getting me the C&C3 songs.

I will add all the new music to the playlist tomorrow.

Any more request will of course be heard as well.
