When i go to log into dcomproductions.net i get this in my face!

You have been permanently banned from this board.

Please contact the Board Administrator for more information.

Reason given for ban: Swearing, Flaming, And Insulting people, 5 day ban, As a cool down.

A ban has been issued on your username.

I'm just like WTF!?

The name of my last Topic is "LUA version 2"

Try finding it if you can.

But i just cannot believe it. Cheeky bastards. I know i occasionally let of some fire here but over there on dcomproductions i'm as sweet as a nut.

They claim that i've been banned for Swearing and insulting other users.

Well i;ve already E-Mailed the Owner/co-Owner of dcomproductions but i have not yet been replied to!

I want to say that the only users i insulted where those who insulted me! There's a saying and i go by it. "What goes around comes around!" DON't ya think?

IF some asshole is going to insult me (Calling me a dumb fuck!" then i'm going insult them back!

It's just completely unjustified to ban me when i was merely retaliating to those who provoked me!

They are the ones who should be banned

And as for there claim that i swear i mean they can just F**K of with that one!

I very rarely swear there and when i do it's often something like "Piss" or maybe "Asshole".

And those words that are more extreme like "FUCK" i usually fill in letters so it looks like "F**K".

People who ban for reasons like this not even without a warning or notification are just reall jerks. There are some total w**Kers over there!
