nvm

i kinda agree with the whole noob thing. noob has become a steriotype for anyone who is stupid/doesnt know shit/worthless.

its like it doesnt even mean newbie anymore.

i suggest this, and it will fail, as no one will do it:

we call the newbies newbies

and we call the idiots who dont know shit, think theyre all high and mighty, total assholes, and those who we useually call noobs, we should call them banned ^.^

if your reason for calling them a noob is not good enough to get them banned, then its not worth calling them a noob.

and what do you get out of calling people a noob? does it make you feel all powerfull that you have burned a person who is new, or just plain sucks?

and give the newbies a chance.

i figure that you people dont give them a chance because your afraid that they will become better than you, and you wont be top dog anymore. not true? prove me wrong by giving them a chance.

and if you had 6 stanks, and only one showed, the other 5 sohuld have gotten through, so you all failed sadly.

...

but ya that guy really was a dumb shit for shooting that orca ^.^

and before you can call me a noob, i am. i cant even play the game lol. the only thing im good at is yuris revenge.

SO

I

AM

A

NOOB

and if you noobishly call me a noob, then your obviously too stupid to realize that its already been stated that im a noob, and so youll only be reinventing the wheel.

no patents for you, no nobel prize.

and no doubt there will be someone stupid enough to restate the obvious....

noob
