nikki6ixx wrote on Sun, 09 December 2007 21:31 I've used this little program a few times, and it's handy.

http://www.geovid.com/Video_mp3_Extractor/

However, it only supports 'wmv' , and 'avi' files so it's limited that way. But if that's what you are looking to extract from, this baby will be what you're looking for.

SO IF ONLY WORKS WITH WMV WAT SOFTWARE FREE CAN CONVERT AVI TO WMV?

LOL
