Same here, NY speed is lower. Probably because of information transaction speed. That test is SF
\$69 per month, for both Internet and phone line

EDIT: OMG look at your IP! Tor? Or did you do that to classify the info? Also gif compression would have been a lot better for that. 10-15 colours like I had it. Jpeg compression is for images without big blobs of a single colour.

also, what provider is TGPI?
