Do we have any mappers that would share source of their good maps with C&C Reborn?

Right now we are looking for good (or excellent) infantry maps for our incoming public release. (Currently we have 2 infantry maps that are being tested by the staff and the testers.)

Shortly after this release, a version with vehicles will be released.

As soon as we have weapons fixed (shouldn't be long) and some more maps, we launch the public beta.

Ask the APB guys if you can use Fissure.
