Coveman wrote on Tue, 08 January 2008 07:447 and 1 Dan. Stay away from the forums at these times.

Indeed, I usually check at 7am when I get up and at 1pm when I often get in from university... no wonder it's always at the same time as the backups... lol.

Anyway, one way to know when the backups are about to start is to keep an eye out for me in the list of logged in users, as soon as I login to the forum a backup is bound to happen
