I've been playing TSUgaming AOW recently, and I was upalled by the amount of racism, profanity, and hate that I encountered while I was there.

***This message goes out to everyone who is a part of TSU. Not everyone on the forum.

I go on, minding my own business, and someone asks me, "How does it feel to be a halfbreed asian mean mean black person?". We argued for awhile. And I left. I came back the next day, and got the same welcome.

Yes, I'm half chinese, and I'm half black. I'm still human.

I'm also bisexual, and because of that, I recieved such insults as "Faggot, loser, bitch, pussy, gay, ass-humper", and a few more I would rather not elaborate on.

This seems childish to rant about such a thing, yes. However, this is a game. This forum, and this game, is to have fun, and to share good times, not make bad ones.

What is so wrong with some of you in the head that just because someone is a bit different than you, you have to go ape-shit on them?

I'll tell you whats wrong. Your calloused, evil, and disgusting.

Let me tell you a little bit about my life.

I make 150k+ a year. I have a wife. A comfortable home in Ocean City, I have a daughter. And occassionally, I play Renegade for a few hours after the week.

You know what I had to go through to get there? Jobs turned down because of my bisexuality, people beating the crap out of me in college when I'd come out of clubs, constantly being refereed to as "faggot" or "asswhipe" through my entire life, and having to deal with shit none of you little momma's boys could even imagine.

You think I'm the strange one? I'm the weird one? Yeah, maybe I am. But you are even stranger, and weirder. You know why? Because instead of trying to make a friend, or just play the game, you actually take up your OWN TIME just to make another person feel worse.

You are the bottom of the food chain my friends. I make MONEY. I have a LIFE. And somehow, despite all of my trials and tribulations, I've made something out of myself. I can't say that for most of you.

You? You sit home on your fat asses and poke fun at some halfbreed bi-guy because it makes you feel superior.

I'm not trying to be mean, I'm not trying to start a flame war. I'm trying to show you exactly what

you are. Fools. I've been through enough shit in my life, and I don't need you idiots making it any worse. So have a field day with it, because when your still sitting on your asses eating cheetos, I'll be the bigger man, who has a life. You won't.
