Funny how he justifies the cold war part. "Oh, that was against communism. It doesn't count. The blame goes to the soviets". Horse shit. Also, he forgot the war of 1812. And all those "wars" with Native Americans (Oh, people hate to bring up Native Americans in threads like this--it tends to knock the US down a notch). In fact, he forgot all of these.

The Hitler thing I agree with. Bush = Hitler is a bad analogy. It doesn't mean I like either party, but what're you going to do, right?

His last paragraph is pure bullshit.
