funny thing is, they could've just made a "command" function for it, but keep C&C Mode, I swear these supposed "C&C fans" working on these new EA C&C games don't seem like real fans to me at all.....

oh and 1st trailer released: <http://forums.ea.com/mboards/thread.jspa?threadID=328283&tstart=0>

I don't have any worries about the single player for this game, except the new Titan design, the multi-player is the big concern for me...
