Muad Dib15 wrote on Sun, 20 January 2008 15:15 Your all idiots. There is a command that can make the glass invisible and even if you don't use it, you can still see people on the other side. as for glass shooting, idk what that is.

I know there is a command to do it, but does that mean you have to use it?

My dad's car can drive 200 KM/H does that mean that I should drive it at 200 KM/H? Or that it is allowed for that matter?

Anyone found with that option enabled on the BI servers would most surely be banned.
