I check my forums multiple times per day, as do the majority of the other mods. For the most part the rules are being enforced down to the last detail. I haven't even seen one specific complaint anywhere in this thread yet. The term "lack of moderation" is getting thrown around quite a lot yet I've yet to see where exactly the lacking resides. If you're in question of the moderation here please re-read the rules over a couple times and start brining up more specific complaints.

If there's something you're unhappy about, TELL US WHAT IT IS, don't just say you're unhappy.
