well, this must show everybody what type of FOOL you are AIRCRAFTKILLER. Somebody gives you a public appology for a trivial thing and you can`t even accept it as a genuine gesture, which it was, you just feel the urge to insult a bit more . YOU ARE THE IDIOT. HOW I WOULD LOVE TO MEET YOU. you are totally arrogant, offensive, and probably LONELY with your type of personality. Lots of people on these forums will agree with me. I`ve read your ignorant remarks to inoffensive people before. I won`t respond to any more posts from you and certainly won`t appologise for this post.
