well i have been wanting 2 play renegade since ive gotten vista and i own the C&C first decade set so myrene is on there i cant get it 2 run cause just about everytime i try it i get an error which looks a little something like this errorcode #00000005 or sutmhigh along the lines of that nature which is what ive been getting after i installed renguard I have the 1st Decades all the other C&C games work except Renegade And I tried everything so far I got the same results

after everything patched and all that good stuff i get this
