yea that was me  
but not my crappy petition

besides , EA removing the name C&C deserves at least a few angry frowns and some oldschool reactions right ? I just had the idea that fellow Renegade players would feel the same.

Petitions don't work , that's obvious. But it's a lame excuse for not trying

Maybe I'm old for saying this but I was raised with the principle of:

" Some people don't vote because they believe that it wouldn't change anything.  
Things didn't change because some people didn't vote."

then again it's 2008, I am just old I guess .

We could turn this in one of those ethical debates weither or not  
EA is humane for doing this. But there's already a thread a few forum sections above, so spam there all you want.
