"tema2 1 -1"

there 1 is the host and -1 is the team renegade. So is this correct, and if so do I put spaces?

first, its "team" not "tema" , but that could just be a one time misspell, just making sure

```
team2 1      -1
   ^         ^
   |         |
```

player with ID 1 team mutant/renegade, anyway a team hostile to all

ow, and with team2, you also have team but then the player loses his money  
and player with ID 1 is the player joined first, so yes, host
