I think it is only fair. Even towards you sort of people, that I am unsubscribing from this Topic as. Being you. Have gone and f**ked it over.

So you can whine and bitch about all you want in your own little world here.

And if you PM me to rant on about some more useless shit that pops into your little head. I'll just report you to a moderator and see what he can do to keep you off my back. Your one of the most irritating people i've met online this year yet!

Declared Off-Topic.

Nobody would reply to this decently now.
