You did, when you used the words "I" several times in your post under mine. Just because I mention I wouldn't be surprised that you would desire an item doesn't mean I actually care about it. You said something, and I interpreted it as such. Plus, you pretty much make it known what you think about your sexuality (you're PROUD), so you pretty much open up yourself for comments. If you don't like it, you can just simply stfu about your love for animals and other idiots who pretend they're anything but what they are... human.

See, here's the thing with not being a relativist... I don't have to shut up if I don't like something, either. Realism > Relativism. I just happen to be an extremely opinionated Realist.
