cheesesoda wrote on Tue, 19 February 2008 21:33It's nothing bad. It just makes you wonder, "did they not realize what that looks like, or was this intentional?"

I agree there is nothing bad in it but does make you wonder which dumbasses made it.

I remember going to a carnival a few years ago and they had those huge inflatable animals. One was a giant inflatable worm, the kids enter through it's mouth and exit out it's accurately shaped and colored asshole!

SO MANY parents nearby were surprised and stunned and some were even furious.
