Dear forum member,

Thank you for your post! I, crazfulla, have evaluated it and provide the following report as a courtosey to you:

I found that your post was...

- Incomprehensible due to spelling and gramatical errors.
- Offensive towards other members of this community.
- Adequately portraying your limited vocabulary.
- Very convincing that you wish to remain banned.
- A complete waste of time- why did I bother evaluating?
- Inspiring to get ingame with you sometime.
- Attempting to make others look like idiots & backfiring.
- In blatant disregard to the Sticky Threads.
- Somewhat too revealing of your sexual fantasies.
- Without the relevant facts or information required.
- So n00bish it makes the Anti-Cheat clan look cool.

You coluld improve your postings considerably by...

- Including a few actual facts.
- Taking remedial English lessons.
- Mentioning how pointless or idiotic your post is.
- Refraining from screaming 'Mod Abuse'.
- Using Leet Speak more often.
- Including Screenshots, IRC logs and other such media.
- Swearing more.
- Reducing your rant to 5,000 words or less.
- Previewing your posts before submitting.
- Running your posts through a spellchecker.
- Using famous quotes like "I am the master" or "Join our powerful clan".
- Using religious or racial slurs so we can ban you now.
- Using "O RLY", "OMGWTFBQQ", "ROFLCOPTER", "AYBABTU" etc more frequently.
- Using childish insults such as "silly mod person".
- Pretending to be a pirate.
- Putting more than one emoticon/word in it.
- Not trying to change the rules of a server which you do not pay for.
- Actually finishing a map before you post a thread about it.
- Using all capital letters.
- Not dodging 1v1's.
- Not double posting.

Please get...

- A life.
- A grip.
- A job.
- A clue.
- A girlfriend.
- Some balls.
- Some lube for your dildo.
- A basic knowledge of the game.

You should...

- Not be so concerned about your recommendations or statistics.
- Post this thread five more times in different sections.
- Take your medications.
- Actually read the tutorials on RenHelp.net before saying they are of no value.
- Always read the Sticky Threads before posting something that dumb/rude/obnoxious.
- Contribute towards the n00bless servers.
- Join the Renegade 1942 Development Team.
- Join the Anti-Cheat clan.
- Stop kicking/banning people for things like swearing or using CAPITALS.
- Not imitate the ACK reply.
- Come out of the closet.
- Realize that RenGuard doesn't work for everyone and it doesn't stop cheats.
- Download Renegade IP to avoid the WOL bug rather than accusing mods of banning you.
- Pay USBsatan for his services last night.
- Not encourage cpjok.
- Not use cheats.

Suggested other activities besides such posting:

- Joining or starting a clan that isn't full of retards.
- Actually learning how to make a map or mod, then making one.
- Joining the NAVY.
- Watching Monty Python's "The Meaning Of Life".
- Whoring Facebook applications or playing Runescape.
- Jumping out of a plane without a parachute

You have...

- passed.
- failed.
- Five minutes to live.

It's even sadder when take time to post something like this.... but lol
