CnC-Junk-E wrote on Sat, 23 February 2008 14:17I got problems with Renguard aswell, and as much as id love to uninstall it, some servers dont let you play on there unless u are running Renguard.. how can i bypass this check?.. Is there a way to trick the server into thinking you are running Renguard?
Yes, it's called CHEATING.

What problems do you have, we can fix ~95% of them.
