after talking him into finally playing me, I told him to join a cw server, didnt pick the map, and I picked nod manual, assuming he would join the same side to pick a side. He joined as nod (prob only because he didnt notice manual teaming), and before I could even type out "side?" he switched to gdi so I assumed he wanted to play as them, so i played...tho obviously ekt knows this with their extensive cw expereince L!OL

Do you seriously have down syndrome? I'm not even remotely associated with EKT anymore, retard. You really should think about seeing a psychologist.
