@u38947, ya because having a signature showing how many hours you play video games must make you super cool in real life! And the fugly pic you had of yourself on msn (dp), you must be dating a ppron star or something, L!OL

lol

Once again, i'll remind you I've had that game for 3 years now. It's a good game. (obviously, if pricks like you take it this fucking seriously)

Also, I'm sorry I don't have such a huge ego from playing RENEGADE 24/7. It's called a life. Try it some time.

edit: I don't have MSN...?

I also just realized the ultimate irony involved in you pointing out I must have no life in a topic you created because you got BUTTHURT on a video game.
