IE: The BHP team, Reborn team, etc.

No small mods or non-conversion mods as they don't really need it. They wouldn't be able to do much with it as their mod requires the game, and if they privately patch it, it won't work with the game anymore.

Total conversion, yes, as they can fix A LOT of things in their releases (as they're standalone).

I voted no, because there wasn't a "To select persons only" option... >.>
That's just selfish. Why should you get it and not us?
